

## KS-EURO-F-MO-DP

### S STEEL EURO PROFILE KEY SWITCH FLUSH MOUNT MOMENTARY DOUBLE POLE

This momentary double pole key switch uses a Euro profile cylinder to activate the internal switch. The switch only changes state whilst the key is turned and reverts when the key is released.

#### FEATURES

- Momentary
  - Euro profile
  - Double pole, double throw
  - Flush mount
  - Cylinder not included (order code EVVACYL)
  - Stainless steel
  - Additional keys available
  - Keyed alike option available
- 
- TIP: Momentary contact can only stay in position when the key is held. Maintained allows you to remove the key in contact position
